EARTH DAY BY: MRS. DUNKEL

Earth Day is a holiday to raise awareness of the threats facing our environment and teach people about small things they can do to in order to be better global citizens. The first Earth Day took place on April 22, 1970 as the environmental movement in the United States was beginning to take form in response to chemicals present in drinking water, polluted air, and our increasing awareness of the impacts these can have on our health. You should care about Earth Day because the environment impacts your health. You need to breathe

changing global weather patterns, and increasing ocean levels, which will be dislocating millions of people in the coming years as their homes become covered with water.

To celebrate Earth Day this year, on Saturday April 22, you can plant a tree, have a conversation with your family about eating less meat, and clean up your local neighborhood by picking up trash, which will reduce plastic washed into our waterways. Plastic does not break down naturally in the environment, but just turns into smaller and smaller pieces, which are now present in the water we

clean air, drink clean water, and eat food that isn't full of chemicals in order to be healthy. We all need to take steps to reduce our impact on the environment because our climate is changing from the addition of human-produced greenhouse gases in the atmosphere, which are increasing global temperatures,

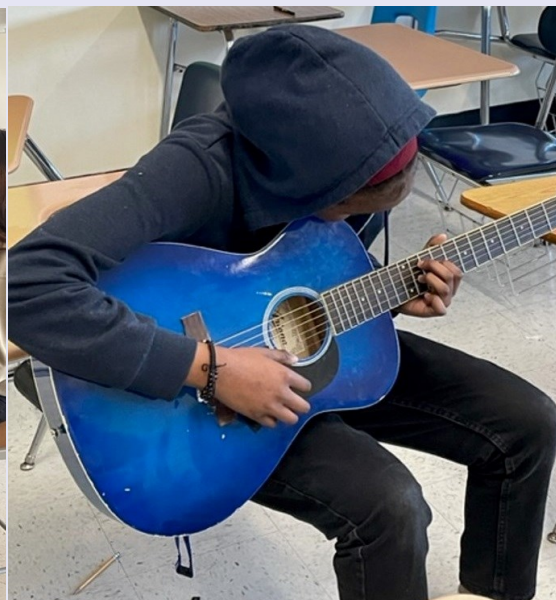

drink, rain that falls from the sky, and the meat we eat. You may not think that one small action will make a difference, but as the Lorax said, "Unless someone like you cares a whole awful lot, nothing is going to get better. It's not." This Earth Day, be the person who cares a whole awful lot!

HOW TO FIND A JOB BY: MR. EDWARDS

A job lead is information about a job opening. There are 4 main sources of job leads:

- Job Advertisements
 - ⇒ Help wanted ads, flyers, school bulletin board
- Internet
 - ⇒ Careerbuilder.com, monster.com, or search a specific company's website
- Employment Agencies
 - ⇒ Public: normally at the unemployment agency. It is a free service that matches employers with prospective candidates.
 - ⇒ Private: also known as headhunters. It is a paid service that matches employers with prospective candidates.
- Networking: people you know
 - ⇒ Coworkers from previous jobs
 - ⇒ Former employers
 - ⇒ Counselors and teachers
 - ⇒ Professionals
 - ⇒ Family friends
 - ⇒ Friends

A WORD FROM YOUR PRINCIPAL

Dear, Students of Penn Wood Ninth Grade Academy,

As we move into the spring semester of the school year, I would like to take this time to connect and share some important events that will be happening at Penn Wood Ninth Grade Academy. I am excited to announce we will be having a pep rally to support our students taking the Keystone Exams on May 17, 2023. We are also hosting a visit day for all incoming Ninth Grade students on May 30, 31, and June 1. Finally, the yearly awards ceremony and student fun day for 9th-grade students will be on June 12, 2023.

I'm looking forward to the end-of-school-year activities and would like to remind you to finish this school year strong. This is the final quarter to meet the requirements to attend Penn Wood-Green Avenue campus, so passing all your classes is important.

If you need any assistance, please reach out to our guidance counselor Ms. Cleveland.

Take care!
Regards,
Robert Curry, M.Ed.
Principal
Penn Wood High School
Ninth Grade Academy

Good morning, PWHS Students, Faculty/Staff, and Community,

I am pleased to take this opportunity to write to you as we approach the end of an extremely busy, but very productive, third marking period at Penn Wood High School. I want to thank you all for the support and patience shown these past 7 months. We had successes and some challenges, yet despite all, we continue the work that has to be done to ensure our students' safety and educational needs while providing appropriate access, support, and opportunities for all students.

We celebrated Black History Month with various events in February, enjoyed our students' theater club musical "Newsies" in March, and recognized Autism Awareness Month in April. We will have our annual career day with various guest speakers to learn about career options to show how motivated our students are for college and/or careers. Students will take the Keystone exams in Literature on Monday, May 15, and Wednesday, May 17, Biology on Thursday, May 18, and Friday, May 19, and Algebra 1 on Monday, May 22, and Tuesday, May 23. Students who do not take the Keystone exams will come to school by 10:45 am on these testing dates.

Special thanks go to all parents/guardians, and community partners who were at school and outside of school supporting students, teachers, and administrators in everything possible. Your presence and support make a much stronger working community supporting to achieve the school's goals and ensuring our students are our top priority.

I would like to thank our hard-working and caring faculty and staff who have made a huge difference for our students. Their commitment is outstanding and our students are the beneficiaries. Thank you for providing rich, engaging, and well-rounded experiences for our students. Thank you for knowing that education is about wonder and fostering curiosity, along with the development of academic and social skills needed to succeed and be prepared for college and future careers. For these, and a million other things, we are truly grateful.

In closing, I take this opportunity to congratulate all students, faculty, staff, parents/guardians, and community partners of Penn Wood High School!

Sincerely,
Principal,
H. Judy Lee, Ed. D.
